* Host/client must provide prizes.

****Group games with many winners on a team require inexpensive prizes. We suggest give-aways like inflatable instruments, straw hats, sunglasses, glow-in-the-dark necklaces and maracas etc: (these you would normally provide at least 1 for each guest anyway) . Such items are given away throughout the function so that all children will go home having won something regardless of their success in the contests and games. Prizes and toys, decorations, custom banners and a variety of other party goods may be purchased in quantity at discount prices at our agency's online party store: www.getadj.com look for Party Store**

or www.allstar.makesparties.com

We strongly advise against the purchase of any giveaway that can be thrown, propelled or used as a projectile.
